

**CONFIDENTIAL****Office Memorandum • UNITED STATES GOVERNMENT**

TO : ASSISTANT DIRECTOR FOR REPORTS AND ESTIMATES  
FROM : CHIEF, ICAPS  
SUBJECT: Publications Review

DATE: February 13, 1947

A-11443

1. The enclosed memorandum, dated 29 January, 1947, from the Assistant Director for Collection and Dissemination with attached correspondence on the subject of the JIC Publications Review Subcommittee and a proposed draft CIG directive, are forwarded to you for consideration and recommendations to ICAPS.

2. It is obvious that CIG should take over the functions of the JIC Publications Review Subcommittee, and institute a reviewing panel of intelligence publications from all government departments and agencies with the view of eliminating undesirable duplication and unnecessary reports, as well as insuring adequate dissemination. Since the reviewing of these publications is considered to be the function of ORE, your comments are desired with respect to implementing plans, and particularly on the anticipated date on which ORE may be able to commence review of the publications. Comment on the provisions of the proposed draft CIG directive is also requested. ✓
